

VOGUE WALL/CEILING FANS

Installation & Maintenance Instructions

1. Check fan for possibility of transit damage.
2. Ensure that the duct is clear of any debris that could be drawn into the fan impeller.
3. Check the fan is free to rotate.
4. Cut the hole for the fan according to the template provided.
5. Secure Fan using the fittings provided.
6. Fit the front safety grill with the supplied fasteners.
7. Connect as per provided wiring diagram.
8. Connections, cables and cords must be installed in accordance with local regulations.
9. Fans 202 to 356 have automatic thermal cut out switches incorporated in the motor as standard.
10. All fans are provided with sealed-for-life bearings and are virtually free.
11. This appliance is not intended for use by young children or infirm persons without supervision.
12. This product must be installed by a licensed Electrician.
13. The Licensed Electrical installer must ensure that an approved means of disconnection be incorporated into the fixed wiring.
14. After starting check:-
For excessive vibration
Full load Amps and ensure they do not exceed the nameplate Amps.

15. For duct or partition mount, precautions must be taken to avoid the back-flow of gases into the room from the open flue of gas or other open-fire appliances. (As per installation example below).

16. Warranty:-

Fantech Pty Ltd warrants products of its manufacture when not misused or neglected to be free of defects in workmanship and/or materials. Our obligation under this warranty is limited to repairing or exchanging F.O.B. factory, any part, assembly or portion found to be defective within one year from the date of commissioning but not to exceed eighteen (18) months from date of shipment from our factory.

The Company assumes no responsibility for labour costs involved in the removal of defective parts, installation of new parts or related service charges.

The Company shall have the option of requiring the return of the defective part (transportation prepaid by the Buyer) to establish the claim.

Warranty will be void if installation is not carried out by qualified personnel in accordance with these instructions and good trade practice.

Fully detailed warranty conditions are contained in Fantech's Standard Conditions of Trading.

17. Do not operate if the supply cord or plug has been damaged. Please return to manufacturer or service agent for repair.
